ANGEL IN THE MORNING

Dear PURELY 18,

My grandmother always told me that we find angels in the strangest places, yet I continue to find them in the same place every month: Purely 18.

Talk about calling a spade a spade, in your April issue the angel is actually named Angel! You call her a Teen Dream, but I say that young'un is nothing short of Heavenly. Just thinking of her firm tits sends beads of sweat popping out of my forehead. As she removed her clothes I am certain that my body began twitching in anticipation. Had I not been prepared, that first view of her velvet underground surely would have caused me to cream in my pants. (Fortunately I was very well prepared for this possibility!)

Normally I would say the appearance of a super-lovely blonde teen would be plenty enough, but then you had the foresight to shoot her in an office—practically completing my all-time top fantasy! (In the fantasy I am actually with Angel in the office—but this was real close!) Nice work, P18!

Dex
Helena, MT

Dear Dex,

Many of us fantasize about banging young babes in our office, and why not? Sure beats slaving for The Man all day! We're glad you loved Angel and all our other angels. Keep coming back, because we've got a lifetime supply.

HER NAME IS NIKITA

Dear PURELY 18,

Ever since I was young, I have loved the name Nikita. Why? Probably because every girl who ever had the name has been a totally hot chick. Nikita in your latest issue [April 2008] is perhaps the hottest Nikita I have yet to lay eyes on.

Every time I look at her I just want to sniff her white socks, to peek under her denim skirt, to run my fingers along the crease of her leopard panties and then lead my tongue around the crenulated imprint they surely leave on her virginal flesh. I am breathless just thinking about it!

While I wasn't particularly taken with the big pink dildo she used, a couple weeks of careful study have proven that modern man really can adjust to anything. (I think my initial dissatisfaction was due to jealousy.) I would give anything to shove my shaft in Nikita's shaved pussy hole, and I hope she feels the same way about me.

Dear Alby,

There are some names that are associated with hot chicks, and Nikita is definitely one of them. Your letter spurred great discussion at our Monday morning meeting, and not a single person could remember ever seeing an unattractive Nikita, nor could we remember seeing one quite as beautiful as our own Nikita. If we do, you can be sure we'll do everything in our power to bring her to you!

BALL'S IN HER COURT

Dear PURELY 18,

When I was a kid in school we used to have spelling tests all the time. Teachers would be like, "Spell this!" and "Spell that!" and we'd have to and if we were wrong we got in big trouble. Because of this I've had a real hard time with kids' names in recent years because their parents are spelling them all funny. Well, I always thought, there is nothing funny about spelling your child's name all weird!

But I'm over that now. I have to be. Otherwise how could I feel the way I do about Cortny [April 2008]? She's perfect! The blonde hair, squeezable titties, mini-bush—gosh, what's not to love? Then you guys take a perfect package like that and stick her coltish legs in stockings that go right up to her ass cheeks and then get her naked and she is positively irresistible.

Thank you, Purely 18, for showing me that there is more to a girl than the spelling of her name.

Marc
Albertville, MN

Dear Marc,

As magazine editors we are not ready to say that proper spelling is worthless, but we think how one spells his or her name is their prerogative. Our job is just to spell it right and (hopefully) pronounce it correctly. We suspect that Cortny could teach all of us some lessons. When a girl looks that good, everybody listens!

WHITNEY'S PERSONALITY

Dear PURELY 18,

I don't remember the last time I saw so much personality in a girl as when I saw Whitney Stevens in your fantastic magazine [April 2008]. Just how big is her personality? I am going to guess DD, 38DD to be exact. Believe me, I know personality!

Having been a young man for several years myself, I can tell you for a fact that Whitney has extraordinary personality for a girl her age. While other girls will have medium and even large personalities, Whitney's personality fits in the gazongas category—one of the most highly prized categories for girls of any age, but especially the teenager.

Her personality is so large that I didn't even notice that she was wearing clothes in some of the photos. Who can think about clothes (except for taking them off!) when a girl of her personality is licking her own personalities? Not me!

Cam
Brookings, OR

Cam,

If by "personality" you mean "huge boobs," you are correct, sir! Nature did give Whitney a generous endowment, and she knows how to use it. For the record, she is a 36DD, but you were dang close. Great eye, Cam!

LATINA RISING

This young n' spicy Latina is Renee Perez, and she is currently lighting up the sex screen as a smokin'-hot performer of gorgeous girl-girl scenes. Renee's doing a lot of work these days with Ninn Worxx, a fine producer of lush erotica, and we're looking forward to seeing her later this year in *The Four,* which will be a true cockbuster, destined to make us explode all over ourselves! Hey Renee, we totally love what you're doing, but let us know when you're ready for an on-screen boning!

*What goes through the mind of a young girl is fascinating fodder. Each month, **Purely 18** gives you a private look at the most personal of a young girl's thoughts, her diary. This time around, we examine a week in the life of Kate, a curious 18-year-old, as she ponders her world of . . . what else . . . SEX!*

A Young Girl's Diary

Dear Diary,

What's a girl gotta do to get laid? I've been dating Brian for six weeks and we've barely even held hands. No French kissing, no going for second base, no nothing! Am I so ugly that he can't be bothered to take my virginity? I don't think so, otherwise why would he have asked me to go with him in the first place?

I've asked all my friends what to do and everyone has a different answer. They say just grab his hand and stick it down my pants (please!), or invite him over and answer the door naked (as if!) or just dump him (there's an idea!). All I know is, I'm only giving him one week, and if he doesn't try to fuck me, I'm done with him!

Dear Diary,

I totally dumped Brian. He had every opportunity this weekend to screw my brains out and he didn't make a single move. And guess what—Jackie said she knows a guy that would like me and she said he's a sure thing. I sure hope so!

Dear Diary,

Mom has had to work double shifts the past two nights, and you know what that means! That's right, I get to watch the dirty channel on tv and diddle my little pussy as much as I want without anyone around to tell me not to. It was amazing! I got Mom's vibrator out and I must have used it for two hours—and then the batteries died! They were these huge "D" batteries and I looked all over the house and I couldn't find any others so I had to call Shantel to get a ride to the store to buy some more. I bought an 8-pack, just in case.

I don't know if all this masturbation is helping or hurting. I love it so much and every time it gets better. It's like every blade of grass in the whole world is exactly the right length, or as if every cloud was shaped like my favorite stuffed animal. Just thinking about it right now is making my pussy totally wet—I know, because I just checked! You know what else I noticed? That when I've been playing with myself a lot, my pussy lips start to stick out a little bit, kind of like they are inviting me inside to play.

> "I started sucking on his dick. And then he pulled his dick out of my mouth and held my head steady and suddenly white globs started shooting out all over my face."

Dear Diary,

Sorry if I didn't finish last night, but I get so horny that I just can't help it! My pussy seems to get wetter by the day and I swear if I can't find a guy to put his cock in me soon I can't be held responsible for what I might do.

Speaking of, Jackie is going to have a little get-together this weekend and she's inviting that guy she was telling me about. She said his name is Larry and he used to go to Central High. She said he's had sex with a bunch of girls and that he's supposed to be really good. She warned me not to get too attached, because he really gets around. I told her I don't care what he's doing with his dick so long as he's willing to share it with me just once. Or maybe twice.

I feel like it's finally going to happen. Who knew it would be so difficult to give away my virginity? I thought that guys were supposed to be really into it or something. Maybe all the guys I know are just gay or something. Wouldn't that be funny? Yeah, maybe in a million years it'll be real hilarious, but not now!

Dear Diary,

Last night was the big night! I finally met Larry! And while we didn't do it (he said my first time should be special, not in the backyard of my friend's house—he's such a gentleman), we did a whole bunch of other stuff.

Almost as soon as Jackie introduced us, we were making out. After a few minutes he asked if I wanted to go for a walk and I said sure. Outside we kissed a bunch more and I could feel his hard-on through his jeans. I brushed against it a couple times and then he said, "If you really want to touch it, you don't need to be shy." I was kind of embarrassed, but not so much that I couldn't put my hand back on his bulge and rub it a little. Then he goes, "You know, these jeans are really too tight for me anyway," and he unzipped them and pulled out his dick. It was huge! I didn't really know what to do, so I just grabbed it. Then he put his hand over mine and guided me as I stroked the long shaft. It was almost as hard as Mom's dildo!

He asked me if I'd ever given a blowjob and I said no but I want to. So he said okay and had me get down on my knees. "Be careful not to use your teeth," he said as he slid it in my mouth a little bit. It was kind of difficult at first, but I caught on pretty quick (thanks to everything I learned on the dirty tv channel!). After a few minutes I stopped and asked him if this is when he licks my pussy. He kind of laughed and said he would love to. I took off my skirt and panties and laid down in the grass and he started doing things with his tongue and finger—I don't know exactly what, because I was squirming around way too much to really see anything, plus it was kinda dark out. But I'll tell you this, I have never felt so good in my whole life!

I guess I had an orgasm (he said that's what all my shaking was—I'd been wondering about that!) and then it was his turn so I started sucking on his dick again and he was like, "Have you ever had a guy cum on your face before?" I was all, "Only in my dreams!" And then he pulled his dick out of my mouth and held my head steady and suddenly white globs started shooting out all over my face. When he was done he told me to open my eyes. Then he told me that I've never looked as beautiful as I did at that very moment. It was so hot! I can't even imagine how total sex could be better than all that, but I know I'm about to find out! I can't believe I found such a gentleman to do me for the first-ever time!

THERE ARE TEEN GIRLS and there are teen girls. Sexy and sexual, so fresh that they still have that new pussy smell, young girls who are both exciting and excitable. Veteran director Stoney Curtis has the nose of a bloodhound when it comes to sniffing out teenage talent, and we submit Natural Teen Nymphs #5 as evidence.

There is something here for pretty much any young girl fan. A tiny brunette with a bubble butt and huge nipples, the full-breasted blonde with one of the puffiest pussies ever seen, and even an innocent-looking redhead with a playfully hairy bush. While any one would be enough for any single man, Stoney offers five excellent offerings. So enough with the credits, let's fast-forward to the action!

BARBIE ADDISON

with Nick East

Barbie is an honest girl, saying that "pretty much anyone can get me into bed." She certainly wasn't putting up a struggle when her cocksman arrived. Granted, he had excellent timing, finding her already on all fours, greased up, and massaging her pussy. With nary a word he began rubbing her ass cheeks. Then she turned around and offered her mouth to his cock—to great response.

First on top was Barbie, who faced the camera for a slow initial penetration that had her nearly breathless. As she adjusted to his massive size, she sped up, her snatch puffy and tight, squeezing firmly as she rode his cock. When he bent her over for doggie, he slid in easily, commenting on how wet her hole was. As she gripped the end of the couch he worked in and out, one hand on her ass cheek, pushing it open so the camera could see how his cock disappeared with every thrust.

By the time she spread her legs for missionary, her tight pussy had begun to gape. His cock went in and out with ease, allowing them to move full speed ahead. It worked for Barbie as she grunted through a massive orgasm, clutching on to her tits and squinting through the pleasure. After she finally settled down from her own O, she takes his load on her face and let it drip down to her tits while she sucked out any remaining drops.

JERRI LEE

with Frankie Young

Love nipples? Jerri is your girl. Not that she doesn't come fully loaded with other features. A small girl, or "spinner," as some like to call them, she also boasts a pretty face and a tight body. Her strolling in with a lollipop in her mouth completed the picture.

Judge ye not those of small stature, for they offer their holes the same as any other. Jerri is certainly not stingy, not when it comes to sharing her body with a hard-cocked man. "You like my lips wrapped

around this cock?" she asks while giving a twisting handjob and working the head of his dick with her full-lipped mouth. That, of course, was a rhetorical question.

There were no questions asked as she jumped on his dick, eager to cram every inch in her teeny body. While she started off fast, her guy had to slow down the eager beaver. They were quickly back to speed, continuing into doggie style which gave view to the tight grip her pussy had on his dick, squeezing it as he pulled away, her lips disappearing with every deep thrust.

Her big moment came in missionary, legs spread wide, hands reaching out blindly to clutch onto anything possible, and not letting go until her man was ready to unleash his load onto her pretty little face. She looked up at him wide-eyed and a little stunned and gave him a couple minutes of goodbye blowjob.

CHRISTINE ALEXIS
with Scott Lyons

There have been a few girls in the business loosely claiming to be Paris Hilton look-

alikes, but here we have Christine, who makes no such claims, yet at certain moments looks strikingly similar to the horny heiress. Food for thought, celeb sex fans.

Anyone who has seen the Paris sex tape will agree that there is no similarity in performance. Our Christine is a giving girl, who is eager to get her guy's dick in her mouth, less concerned with the camera than making sure her man is satisfied. And she is most successful.

Her slender body matches up well with a stiff dick, and she is verbal and aggressive, grinding hard on his cock and not shy about shouting enthusiastically about her love for said cock and how fucking good it makes her feel. He teases her in doggie, slipping only the head of his dick in as she shudders with anticipation. Finally he asks her if she wants more and her answer is an unequivocal, "Yes!" Soon she is ecstatic, balanced on one arm, caught between trying to watch the action and allowing her

body to completely satisfy the dick.

When she gets back on top she rides him hard, her surprisingly bulbous ass twisting in the wind. As her lips curl and her brow furrows she loudly announces that she is cuuuuuummmming! Her pleasure is not through, as she still gets to enjoy a man-load, which splashes against her face and rolls down her body as she giggles at the surprising volume.

MARIE MCCRAY

with Mario Cassini

If you think you don't have a thing for redheads, Marie may well have you reconsidering. The bangs of red hair cover her forehead, while curly locks frame her pretty face and big, round eyes. Working our way down we discover full breasts and a pussy that comes complete with a perfectly manageable bush.

As her head moves to and fro to suck his cock, her firm breasts give off a little jiggle. Despite her efforts at lubrication, first entry is slow going as her visibly tight hole slowly gave way to the power of his penis. The teenager proved malleable as the plowing went on, and by the time they went into the spoon, Marie was wet and ready and in full moan, enjoying some of the deepest penetration her young body has encountered so far.

All barriers were broken when she climbed on top, her man holding her up by her ass cheeks as he jackhammered her. She reached back to squeeze his balls as she moved lower, gyrating her snatch all the way down on his pole, sending her over the edge. She found her man's edge, too, gladly taking his voluminous load on her face. She giggled as he doused her face, then opened her eyes as she gave him a final suck.

SASHA SIN

with Trevor Thompson

You've heard of Samantha Sin, now meet her little sister Sasha! Fresh from Arizona, Sasha has followed her sister into the jizz biz, with this scene being only her second. Not only does she look like her big sister, she has an even puffier pussy than Sam. She also boasts a bigger rack, sizing up with a D cup to her sister's C.

But this isn't about family matters, this is about Sasha getting nailed and good. Cock arrives as she is diddling her twat, and her fingers don't stop just because she's blowing him. And does she blow—slowly, looking up, fondling herself, she takes his entire length, her lips pressing up against his balls.

Sasha climbs on his dick to get things started, and she can't talk enough about how big his cock feels inside her. As her D cups sway, she straddles him and gets incredibly excited as she cums within the first couple minutes. With that out of the way they tore through the angles: Him holding her up for a standing missionary, her ass jiggling closer and closer to the camera's lens; the one-legged standing doggie; traditional doggie; and mish with her legs back practically to her ears. With each stroke, Sasha moans loudly, her puffy cunt clearly enjoying this early entry in what will hopefully be a long career.

Nearing completion, he pulls out of her gash and shows off her young-girl gape, then he strokes inside her until time to pop, when she immediately gets on her knees and sucks him as the pressure builds. Time up, she closes her eyes and opens her mouth, expertly taking the load on her pretty face. She sucks him and even when he asks if she wants to do it again she doesn't stop sucking. Seems to answer the question as good as any words ever could.
